NUMBER 26.

ROOSEVELT TO ACCEPT

Signs Point to Him as the Arbitrator in the Venezuelan Difficulty.

THE POWERS INSIST THAT HE SERVE.

Washington Government Notified by Minister Bowen That the Blockade Is in Force—Castro Reported Ill—Developments.

Washington, Dec. 22.—The following cablegram has been received from Commander Diehl of the Marletta, which now lies at La Guayra. The message comes from La Guayra, via Haiti: "British vice admiral established effective blockade from and after Dec. 20, off La Guayra, Carreno, Guanta, Cumana, Carupano and the mouths of the Orinoco. Vessels sailing from the United States and the West Indies before the date of notification allowed grace; steamers 10 days, sailing vessels 20 days. Other ports, steamers 20, sailing 30 days. Vessels from blockaded ports 15 days."

Ambassador Tower has notified the state department from Berlin that he has received official notification from the German government that the German squadron had blockaded Maracaibo and Porto Cabello, effective Dec. 20, allowing 10 and 20 days, respectively, for steamers and sailing vessels from the United States and West Indian ports, and 20 and 40 days from all other ports, and 15 days for vessels, except Venezuelan vessels, to leave Venezuelan ports.

Ambassador Meyer at Rome has cabled the department that he received from the minister of foreign affairs an official report Dec. 20, announcing that Italy had decided to participate with her naval forces in the blockade of Venezuelan ports which had been declared by the British and German governments.

Lieutenant Marbury Johnston, the officer detailed by Admiral Dewey to go to the relief of Minister Bowen at Caracas, has advised the navy department of his arrival there. He will be stationed at the American legation as assistant to the minister. When Lieutenant Johnston arrived Saturday night the city was quiet, though the anti-foreign feeling was still intense.

Roosevelt as Arbitrator.

The United States government is waiting the reception of formal answers from the allied governments to the president's last suggestion that the Venezuelan dispute be referred to The Hague. So far these responses have not come to hand, but it is pretty well understood that they will hold for the arbitration of President Roosevelt himself. Signs point to the president, though nothing positive is yet known on this point. The state department has learned that President Castro would welcome the selection of President Roosevelt as arbitrator, and as all the parties interested are united the pressure will be hard to resist.

Opinion varies as to the termination of the blockade of the Venezuelan ports. In some quarters, it is assumed that if President Roosevelt accepts the duty of arbitrator, the allies will call off the blockade at once. On the other hand, it is pointed out that custom requires the terms of the arbitration to be accurately defined, and this will consume some time, pending which the blockade will continue.

Germany the Originator.

It is quite evident from the developments here that Germany is the originator and promoter of the suggestion that President Roosevelt act as arbitrator. Great Britain and Italy, it is believed, incline toward arbitration by The Hague tribunal, but of course they would not indicate any preference officially in the matter if President Roosevelt gave the faintest intimation of accepting the charge. Indeed, officially, the allies stand on record as supporting the German lead in the matter.

Advices have been received here from Rome that the former Italian minister at Caracas, Mr. Riva, will return to Italy at once, and that Baron Aliotti, who was formerly attached to the Italian embassy here, will remain on board the Italian warship Giovanni Bausan, and in the event of a renewal of diplomatic negotiations between Italy and Venezuela will become chargé d'affaires. Secretary Hay was informed of this fact by Signor Mayer des Planches, the Italian ambassador.

President Castro Ill.

Caracas, Dec. 22.—President Castro, it is reported, has been seized by a sudden and mysterious illness. His secretary will divulge no particulars, and the friends of the president are

much agitated. The news was given out at the Yellow House as a bare announcement.

Neutral Attitude.

The Hague, Dec. 22.—The government of the Netherlands has decided to observe a strictly neutral attitude in the Venezuelan trouble. Ships of the blockading powers will be prohibited from calling at ports of the Dutch colonies.

WIRELESS MESSAGES.

Marconi Will Be Able to Send Across the Sea 1,000 Words Per Hour.

Halifax, Dec. 22.—After eight experiments, conducted with the greatest secrecy, Marconi announces that he has solved the problem of wireless transoceanic communication and has successfully transmitted wireless messages from the shores of Canada to the coast of England. The formal announcement of this achievement was made by the inventor himself, when he stated that wireless messages had been successfully transmitted and forwarded from the governor general of Canada to King Edward VII of Great Britain and to the king of Italy. Dr. George R. Parkin, principal of Upper Canada college, trustee of Rhodes scholarships, was present when one of the successful tests was made.

Soon to Commence Business.

London, Dec. 22.—It is calculated that the Marconi company will be able to handle 1,000 words per hour. As soon as it is able to get the post-office authorities to connect Poldhu with the inland telegraph, the company will commence regular commercial business between Cornwall and Nova Scotia. Marconi has expressed mild satisfaction with the results recently obtained, but the manager here said the inventor was always so sure he would be able to achieve his aim that they did not expect him to be enthusiastic.

Received Wireless Message.

Rome, Dec. 22.—King Victor Emanuel received the wireless message from Marconi forwarded from Cape Breton, via Cornwall, and sent a congratulatory reply.

Miss Biggar on the Stand.

Freehold, N. J., Dec. 22.—Further testimony in the trial of Laura Biggar was given by Miss Biggar and the defense then rested. Miss Biggar, cross-examined by Mr. Wilson, counsel for the state, said that she had kept her marriage secret because Mr. Bennett had asked her to do so. She said she had employed Mollie Deskin as her maid and had discharged her about a year ago. The witness said she always had been a dutiful and faithful wife to Mr. Bennett. Ex-Sheriff Smock of Freehold, called in rebuttal by the state, said that in October, 1901, Bennett introduced the defendant as Miss Biggar.

Faulty Construction Alleged.

Trenton, N. J., Dec. 22.—Faulty construction has been discovered in the state house in time to avert disaster. Owing to the fact that a new wing is to be built to the state house and work is now in progress, the senate must this year meet in the room used by the chancery court for trials. An investigation showed that the girders supporting the floor to be of wood instead of iron, and to be badly joined. It is asserted that had the chancery court room ever been crowded the floor would doubtless have fallen.

Dean Poisoning Case.

Columbus, O., Dec. 22.—Sensational developments are expected hourly in the Dean poisoning case. Mrs. Myrtle Dean, who has just died at a local hospital, was found with her husband unconscious at the residence on Fulton street. Harry Dean, the husband, is still very ill at the hospital. Reason returned to him for a short time, and he stated to a detective that food had been sent on previous occasions to the Dean home, which the wife suspected had been poisoned, and which she refused to accept, or, accepting, refused to eat.

Earthquake Fatalities.

London, Dec. 22.—A dispatch from New Marghelan, Russian Turkestan, reports that the earthquake at Andijan killed 2,500 people in and near that city and destroyed 16,000 houses. The rumblings continue. The authorities so far have not been able to cope with the destitution of the starving, unsheltered populace.

Cattle Quarantine Removed.

Washington, Dec. 22.—The secretary of agriculture removed the quarantine against the state of Connecticut established last November owing to the prevalence of the foot and mouth disease among cattle.

Boiler Explodes in a Hotel.

Columbus, O., Dec. 22.—A boiler exploded in the basement of the Hinkle hotel here, frightening the guests and doing damage to the extent of \$1,000. No one was hurt.

BY A SWITCH ENGINE.

Two Freight Trains Wrecked, Two Men Killed and Others Injured.

PECULIAR DUAL MISHAP IN INDIANA.

Helper Got Beyond Control, Ran Away, Struck a Freight, Reversed and Hit a Second—Other Accidents on the Rail.

Liberty, Ind., Dec. 22.—A helper engine on the Cincinnati, Hamilton and Dayton got beyond control, made two wild runs between Connorsville and this place, wrecked two freight trains, demolished four engines and killed two men and injured two others.

Engineer Callahan of the helper ran to College Grove, helping a freight. He was to take a switch at Liberty. When he got to the switch and attempted to reverse, part of the machinery would not respond and the engine got beyond his control. The engine dashed toward Liberty, running into grade east of here, where it met a freight. The tender piled onto the engine of the freight. In some way the helper was reversed and started back, running through Liberty at the rate of 70 miles an hour. It dashed into another freight, which was being hauled by two engines.

Mike Foley of Indianapolis, brakeman, was killed. Bounton Osborne, fireman of helper engine, was also killed. Ed Foley of Indianapolis, brother of the man killed, was one of the engineers on the double header freight. He escaped by jumping.

Train Buried in Snow.

Lincoln, Neb., Dec. 22.—Fifty passengers on a Burlington train running from Denver to Deadwood were buried beneath 10 feet of snow for 24 hours. They were rescued after 10 hours' work by a relief force sent from Sidney, Neb. The relief force numbered 50 persons. The little town of Mercer, Neb., was the home of the snowbound travelers for the 10 hours. The place is only a cluster of about 10 houses and shanties and the train was obliged to remain beneath the snow until aid could be secured from Sidney, 15 miles away.

Two Killed by a Train.

New Albany, Ind., Dec. 22.—The bodies of Peter Dalton and Henry Wetzel of Ramsey, Ind., were found lying beside the Pittsburg, Cincinnati, Chicago and St. Louis suburban track at what is known as the Half Way House. The men had evidently been killed by a train. There are several theories of the accident. The bodies were so close together when found that it is believed the men were having a friendly scuffle on the platform of the car and fell off.

Snow Blockade Raised.

Cheyenne, Wyo., Dec. 22.—The snow blockade on the Union Pacific railroad between Cheyenne and Sidney, Neb., was raised and trains are now moving. The road from Cheyenne west is clear. As the snow is melting fast in the ranges, the loss of livestock probably will be less than was anticipated.

Train Ditched.

Ottawa, Kan., Dec. 22.—Missouri Pacific train No. 1, known as the Colorado flyer, left the track just east of Rantoul and the whole train, with the exception of the sleeper, turned into the ditch. Nobody was killed and only six persons slightly injured.

Baseball Magnates Meet.

Chicago, Dec. 22.—Magnates of the American league are in session at the Grand Pacific hotel for their fall meeting. Every club in the league was well represented when President Ban Johnson called the meeting to order. Besides the regular business the question of the transfer of the Detroit club to Pittsburgh took up some of the time of the magnates, but the question that received the most consideration was the coming peace conference with the representatives of the National league, which is set for Jan. 5 at Cincinnati. It is intimated that Ban Johnson, Charles Comiskey and Charles Somers would be the men selected as the American peace commissioners.

Derelict Burns.

Gloucester, Mass., Dec. 22.—The vessel on fire which attracted attention off this port, was the Standard Oil barge No. 48. She was a derelict, and was being towed into this port by the Gloucester fishing schooner. She was set on fire by accident, and George Riley, one of the crew of the Blanche, lost his life. Riley had gone aboard the barge to look for a cable. He lighted a match to aid in his search. An explosion followed and Riley was blown to pieces. The barge caught fire and burned for several hours. It was loaded with gasoline.

OVER A SCORE DEAD.

Result of the Collision On the Southern Pacific Railroad.

San Francisco, Dec. 22.—The latest revised list of the victims of the railroad collision on the Southern Pacific near Byron station shows that 23 persons are dead. The collision was a rear-end one between a southbound Los Angeles "owl" train, which was filled with Fresno people, and the Stockton flyer. The engine of the Stockton train completely telescoped the last coach of the owl train. In addition to the killed there were 21 persons injured, some seriously. There appears to be no doubt that the Stockton flyer, which ran into the "owl" train, was signaled, and that the engineer responded with a whistle and threw on the brakes. The question which remains open is whether or not the signal was given in time to avert the collision. An investigation is in progress.

The dead: Robert Renwick, William L. Temple, Leonard S. Erwin, Tung Tai Gung, Chinese woman; Ah Quoy, Chinese girl; Richard Post, Yuku Malgowa, Hadru Mlagowa, Mrs. Elizabeth Smith, Clarence D. Olufs, Miss Mabel Vesey, Miss Birdie Elliott, Charles A. Sessions, Charles Owens, Miss Minnie Mayer, F. S. Eastman, Fong Gee, Chinaman; Charles Mayer, unidentified young white woman, Miss Alice Sullivan, D. K. Vernon, two unidentified Chinese.

Fighting Tobacco Combine.

New York, Dec. 22.—The Retail Cigar and Tobacco Dealers' association of Greater New York has decided to begin its active campaign against the American Tobacco company on several lines. By unanimous resolution, the members of the association pledged themselves not to purchase any new brand of tobacco from the company after Jan. 1, 1903. By another resolution, also passed unanimously, the members will on Jan. 1, remove from their show windows and stores all advertising matter of the combine and will, as far as possible, remove its goods from their shelves and keep them out of sight. They will keep only those brands of its tobacco which are standard and for which there is an active demand.

Germany's Desire.

Berlin, Dec. 22.—The small German cruiser Sperbeck, whose reconstruction has just been finished, has been ordered to join Commodore Schroeder's squadron in Venezuelan waters. She will sail from Wilhelmshaven in two or three days. The Sperbeck, besides her own complement, takes 75 men to man the Restaurador, captured by the Germans from Venezuela. The blockade of the Venezuelan coast will continue until a definite arrangement for arbitration has been reached. Germany will be well satisfied if President Roosevelt undertakes the task. His acceptance would be considered a sufficient guarantee that Venezuela would pay if she lost. Asking President Roosevelt to arbitrate was the emperor's suggestion.

With Military Honors.

Washington, Dec. 22.—The remains of General Gager S. Wayne, soldier, lawyer and once military governor of Alabama, were buried with full military honors at the National cemetery at Arlington. The body arrived here from New York, and was escorted to St. John's Episcopal church by a detachment of troops, including a squadron of cavalry and a battery of artillery from Fort Myer, and a battery of engineers from Washington barracks. The services at the church were brief and simple, consisting of the reading of the Episcopal service, prayer by Rev. Holland Cotton Smith, the rector, and singing by a male quartet.

Doctor Lorenz's Latest.

New York, Dec. 22.—Dr. Lorenz has performed his last public operation in this vicinity for congenital dislocation of the hip. Alvin Louis Black, 6 years old, was the patient. He is the boy who sent a doll to Lolita Armour, daughter of J. Ogden Armour of Chicago, to operate on whom Dr. Lorenz came to this country. Mr. Armour was appealed to by the parents of the boy, and wrote a personal letter to Dr. Lorenz, asking him to operate on the child who had remembered his little girl, and the operation of Sunday, which was pronounced successful, was the outcome of this request. Mr. Lorenz left for Boston.

Mascagni's Dates Canceled.

Chicago, Dec. 22.—The American tour of Pietro Mascagni and his Italian opera company came to a sudden close in this city with the cancellation of all dates. The culmination of Mascagni's woes came when an attachment was made on his personal effects by a constable representing a local claimant for \$134. As a result of his financial difficulties Mascagni is now confined to his room at the Auditorium annex suffering from nervous prostration.

VESSELS IN COLLISION

Over a Dozen Seamen Perish by an Accident in Massachusetts Bay.

SURVIVORS HAVE A SAD EXPERIENCE

Put Off From the Sinking Ships in an Open Boat and Five Die From Exposure—Story of a Marine Tragedy.

Boston, Dec. 22.—The fishing schooner Manhasset arrived here with 10 of the survivors of the crews of the schooners Frank A. Palmer and Louise B. Cray, which were in collision in Massachusetts bay. Six men of both vessels were drowned as a result of the collision; the balance, 15, taking to one boat. Three subsequently were insane and jumped overboard, two died from exposure and two went insane after getting ashore. Both captains were saved.

The Louise B. Cray was a 5-masted schooner and the Frank A. Palmer a 4-masted schooner. They were both coal laden, bound for Boston. When the Manhasset was 45 miles off Highland light, the lookout sighted a small boat with men who were making signals of distress. The Manhasset changed her course and bore down on the little craft, which proved to be the boat which had been launched from the Cray.

Two of the men on the Manhasset are Captain W. H. Potter of the Louise B. Cray and Captain R. S. Rawling of the Frank A. Palmer. The other two men are sailors, both of whom are raving maniacs. The men taken to the hospital were not only in a critical condition physically, but they were in such a mental plight that nothing could be learned from them as to their experience. Little by little, however, the crew of the Manhasset had learned something of the hardship of the shipwrecked men. It appears that the collision occurred at 7:30 o'clock last Wednesday night, some miles off Cape Ann. The night was clear, but a stiff gale was blowing and the sea was running high. The members of the Palmer's crew claimed that the Cray was on the wrong tack, and in attempting to cross the Palmer's bow, hit her on the bow, cutting her nose square off, and entangling both vessels in the wreck. The anchor and bowsprit of the Palmer sank away from the wreck, while the anchor of the Cray was tangled in the forelegging of the Palmer and broke off the foremast. The vessels began to fill and sank in a few minutes.

The Palmer's men managed to lower a boat. There was no time to procure provisions or additional clothing. As the men cleared the wreck of their vessel they saw the men in the same plight as they had been, and made room for as many as could reach the boat. Fifteen souls were in the small craft when it finally pulled away, both captains being among those who thus escaped. A short time after the boat left both schooners went down. Six men perished when the vessels sank. For the survivors a battle which lasted three days and four nights had begun. One-third of the number succumbed in the fight, and of those who finally reached shore, none was able to realize what they had escaped.

Abandoned to Be Returned.

Oakland, Cal., Dec. 22.—Having been unsuccessful in his fight against extradition, S. I. Grin, the young bank clerk, who, about two years ago, absconded from Russia with about 10,000 roubles and came to this country to get an education, has started east in custody of United States Marshal Shine. He will be taken to New York by the marshal, and then delivered to Russian officers, who will be sent to meet him. Grin is about 21 years old. He admits his guilt.

Roosevelt Returns.

Washington, Dec. 22.—President Roosevelt and family have arrived in Washington from Rapidan, Va. They were met at the station by Secretary Cortelyou and were driven directly to the White House. The trip from Rapidan was made without noteworthy incident. The president was in excellent spirits and expressed himself as having had a delightful outing, notwithstanding the heavy and incessant rain.

Declaration of War.

Port of Spain, Trinidad, Dec. 22.—Official announcement is made here that Sir Courtenay Knollys, the acting governor, will issue a special royal gazette containing a declaration of war against Venezuela. This act is one of formality, taken with the intention to legalize the proclamation of the blockade. The declaration will have the effect of legalizing the seizure of Venezuelan warships.

THE BEE HIVE

A very merry Christmas--A happy New Year, too,
And every sort and kind of luck we're wishing unto you;
And if the year just passing had more of tears than glee,
Let's hope that every wish you have comes true in nineteen three.

MR. JOHN HANLEY.

Death of a Prominent Bourbon County Farmer--Leaves Many Relatives and Friends in Mason.

Mr. John Hanley, a well known and successful farmer of Bourbon County, died Monday morning at his home at Ruddles Mills, after a long illness of cancer, aged sixty years.

Mr. Hanley's wife, whose death occurred about a year ago, was a sister of the late Patrick Cullen, of this city. Four children survive them.

Mr. Hanley was a brother of Mrs. Michael Slattery, of Moransburg, and he leaves other relatives and many friends in this county. He formerly resided in Mason. Mr. Hanley was an energetic and progressive citizen, and his death is a loss to his community.

The funeral took place this morning at Paris, the interment following at that place.

Rev. Father Jones, as has been his custom since he became pastor of St. Patrick's Church, presented each of the pupils of the parochial school with a package of candy and fruits before dismissing the school for the holiday season.

BUY CANDIES

For the little ones. Santa Claus' visit would lose much of its importance should the sweetmeats be left off his bill of fare. But don't buy the cheap stuff, whose only title is a pretty name. Pure sugar costs more than is sometimes asked for candies of inferior grade. Our confections are invariably of the first quality. That's most important. The next thing to consider is the cost. Prices here are the lowest possible consistent with pure goods. Freshly-baked cakes of our own make, Oranges, Lemons, Bananas, Apples, Figs, Dates and other fruit for the holidays. Nuts of all sorts--strictly fresh stock of the past season's growth--no old goods on hand. Elegant assortment of fancy Sugar Toys and other candies for Christmas tree decoration. In fact, our place is the recognized store-house of Christmas good things. If there is anything needed to bring "good cheer" to the yuletide hearthstone, you will find it at TRAXEL'S.

AT TRAXEL'S

Converted to Christianity by Ingersoll.

[Chicago Interior.]
General Lew Wallace, in a new edition of "Ben Hur," tells a bit of personal history confirming what had been reported in a story that floated around among the newspapers a few years ago—that he traces the rise of his Christian faith to a reaction from ridicule heaped by Robert Ingersoll on Christianity. Having heard Ingersoll in private conversation traverse the ground of his characteristic assaults upon religion, General Wallace, who had theretofore thought little of his personal relation to Christ, felt obliged to examine the whole proposition of the gospel to see whether the infidel's ribald contempt was justified. The examination was thorough, and the result a conviction which made General Wallace a confident believer in the divine Christ. "Ben Hur" he offered to the world as a testimony of the faith to which he thus attained. And so the notorious skeptic's wrath literally praised the God whom he affected to despise.

Carter County's Health Physician, J. W. Hudgins, has tendered his resignation, and later he and John Theobald, members of the County Board of Health, telegraphed their resignations to the State Board of Health. They declare that prominent citizens disregarded quarantine regulations and that local physicians and county officials refuse to sustain the action of the board and that the disease is spreading rapidly.
